

Weller Kit 1S WF Sloped Nozzle

SKU: GW-WF-1SN

Features & Benefits

- ◆ **Flexible 2-Joint Aluminium Arm:** Provides excellent manoeuvrability and positioning
- ◆ **Complete Set:** Includes bench mounting brackets, 3m flexible hose, and Ø 60mm extraction arm (0.7m)
- ◆ **Sloped Nozzle:** Ensures efficient and precise fume extraction
- ◆ **Durable Build:** High-quality materials designed for long-lasting use in professional environments
- ◆ **Efficient Smoke Removal:** Ideal for soldering, welding, and other smoke-producing tasks
- ◆ **Easy Installation:** Bench mounting brackets for secure and convenient setup

About the Weller Kit 1S WF Sloped Nozzle

The Easy-Click-60 Extraction Arm is a versatile and efficient solution for fume extraction, offering flexibility and ease of use in demanding environments.

This set includes a 2-joint aluminium arm, bench mounting brackets, a 3m flexible extraction hose, and a 0.7m Ø 60mm extraction arm, all designed to work seamlessly together for optimal fume removal.

The sloped nozzle ensures targeted extraction, while the durable materials ensure reliable performance. Ideal for soldering, welding, and other tasks that require effective smoke capture.
