

Weller®

Automatic Tip Cleaner

WATC100

The versatile WellerTools WATC100 cleans soldering tips and tweezers in a second without spilling any debris on your workbench.

- Universal, fast cleaning of soldering tips and tweezers
- Automatic ON/OFF activation
- Optimal tip care, extends the life of the tip up to 2 times compared to manual cleaning
- Cleans the tips a lot quicker, meaning the tips will last longer, improving productivity
- Available with different brushes for different cleaning intensities - metal or fiber brushes
- Highest flexibility in demanding soldering environments
- Light bar displays the different modes / Brush LED offers interior lighting
- Simple, user-friendly brush replacement
- Splash guard in black and grey silicone (can be used to indicate use with lead or lead free solder)
- Maintenance-friendly, hygienic emptying of the collection tray
- Compact product design with small footprint
- Antistatic housing (ESD safe)
