

Weller WXsmart Heavy Duty Soldering Set 5

SKU: GW-WXS-SET5

Features & Benefits

- ◆ **WXUPS MS Ultra Soldering Iron (150W, 24V):** The WXUPS MS Ultra Soldering Iron offers 150W of power with Active Tip Technology for fast heat transfer and quick recovery times. This iron is designed for heavy-duty soldering tasks and features a short tip-to-grip distance to ensure precision. The 7-second heat-up time ensures maximum productivity, while the Active Tip Technology ensures consistent and efficient soldering results.
- ◆ **RTUS 032 S MS Ultra Soldering Tip (Chisel 3.2 x 0.8mm):** The RTUS 032 S MS Ultra Soldering Tip is designed for maximum heat transfer and precision. The chisel tip (3.2 x 0.8mm) is ideal for a wide variety of soldering applications, providing excellent contact with surfaces and ensuring clean, reliable solder joints. This tip is perfect for heavy-duty soldering and tasks that require precision and speed.
- ◆ **WSR 200 2-in-1 Safety Rest:** The WSR 200 2-in-1 Safety Rest is designed to keep your soldering tip in pristine condition, featuring metal wool brass and a sponge for cleaning. The dual-cleaning system ensures that your tips stay free from solder buildup, allowing for longer tool life and higher-quality solder joints.
- ◆ **Cartridge Tip Holder:** The Cartridge Tip Holder ensures easy storage and quick access to your soldering tips, keeping them organised and ready for use. This accessory is designed to fit the WXsmart system and makes it easy to switch out tips as needed during the soldering process.
- ◆ **High Performance:** The 150W WXUPS MS soldering iron delivers fast heat-up and recovery times, allowing you to maintain a high level of productivity even during demanding tasks. The Active Tip Technology ensures consistent heat transfer and optimal performance throughout your work.
- ◆ **Flexibility:** The WX Smart 2-Channel Power Unit allows for the simultaneous use of two tools, making it easy to switch between different soldering tasks without downtime. This makes the set ideal for both precision soldering and heavy-duty applications.
- ◆ **Precision and Control:** The short tip-to-grip distance of the soldering iron and the ergonomic design of the WXUPS MS soldering iron ensure excellent precision, allowing you to work on both small components and large, heavy parts with ease.
- ◆ **Maximum Connectivity:** The WXsmart system offers complete traceability, providing access to real-time data to monitor the soldering process. The system supports USB connectivity for updates, configuration, and data logging, making it ideal for professional use in regulated industries.

About the Weller WXsmart Heavy Duty Soldering Set 5

The Weller WXsmart Heavy Duty Soldering Set 5 offers a powerful, flexible solution for demanding soldering applications.

Designed for both high and low power tasks, this all-in-one soldering system provides outstanding performance and precision, making it an ideal choice for professionals in industries like electronics, automotive, aerospace, and medical fields.

Set Includes:

- **WX Smart 2-Channel Power Unit (300W, 230V)**
 - Dual channel operation for multiple tools
 - Touchscreen interface with connectivity options
 - USB interface for updates and configuration
- **WXUPS MS Ultra Soldering Iron (150W, 24V)**
 - Active Tip Technology for optimised heat transfer
 - Short tip-to-grip distance for precision soldering
 - 7-second heat-up time
- **RTUS 032 S MS Ultra Soldering Tip (Chisel 3.2 x 0.8mm)**
 - Chisel design for superior heat transfer and precision
 - Ideal for heavy-duty soldering tasks
- **WSR 200 2-in-1 Safety Rest**
 - Dual cleaning system with metal wool brass and sponge
 - Prevents tip wear and prolongs tool life
- **Cartridge Tip Holder**
 - Convenient and organised tip storage
 - Quick access to tips during soldering

Specifications

Property	Detail
Power	300W
Application	ESD-protected areas, electronics mfg, cleanrooms
