

Weller Zero Smog 4V Kit 1 Sloped Funnel Nozzle

SKU: GW-ZSF-1

Features & Benefits

- ◆ **ESD-safe** design to protect sensitive components
- ◆ **Maximum vacuum:** 2700 Pa for efficient fume extraction
- ◆ **Electrical power:** 275 VA
- ◆ This kit features the Zero Smog 4 Fume Extraction Unit with a high-performance filtration system, including fine dust filters and a compact EPA filter, ensuring the air in your workspace remains clean and safe

About the Weller Zero Smog 4V Kit 1 Sloped Funnel Nozzle

The Mobile Fume Extraction Kit is an efficient and portable solution for capturing hazardous fumes in a variety of work environments, such as soldering, adhesive application, and other tasks that generate fumes.

This kit features the Zero Smog 4 Fume Extraction Unit with a high-performance filtration system, including fine dust filters and a compact EPA filter, ensuring the air in your workspace remains clean and safe.

With a sloped funnel nozzle for targeted extraction and the ability to support up to 4 arms, this system offers versatility and high efficiency.

Kit Contains:

- Zero Smog 4 Fume extraction unit.
- Fine dust filter: Fine dust filter F 7 Filter:
- Compact filter EPA filter E 12 and 50% active carbon, 50% Puratex
- 1 x Arm with sloped Nozzle Stop valve incl.
- Bench Mounting bracket
- Extraction hose

This station is ESD safe

Specifications

Property	Detail
Max. capacity	230 m ³
Low sound level	48 dB(A)
Dimensions	320 x 320 x 395 mm
Weight	19 kg for portability and ease of relocation
Voltage	230 V / 50 Hz (also available in 120 V / 60 Hz)
Application	ESD-protected areas, electronics mfg, cleanrooms
