

Wire Strippers (0.81 - 2.59mm)

SKU: GT-CSP-30-2

Features & Benefits

- ◆ **Multi-use functionality:** Can be used as shears, wire stripper, and pliers.
- ◆ **Wire size range:** Strips wires from 0.81mm to 2.59mm (20-10 AWG).
- ◆ **Durable and strong:** Built for heavy-duty use, ideal for a range of tasks.
- ◆ **ESD-safe handles available:** Protects sensitive components from static discharge (contact for availability).
- ◆ **Tool length:** 165mm for optimal leverage and control.
- ◆ **Weight:** 102g for comfortable handling and easy use.

About the Wire Strippers (0.81 - 2.59mm)

The Wire Stripper (0.81 - 2.59mm) is a versatile, heavy-duty tool designed for a wide range of applications.

This multi-use tool functions as shears, a multi-diameter wire stripper, and pliers, making it ideal for various tasks in electronics and electrical work.

It accommodates wire sizes from 0.81mm to 2.59mm (20-10 AWG), providing flexibility for different wiring needs. With a tool length of 165mm and a weight of 102g, it offers comfortable handling and precision.

AWG: 20, 18, 16, 14, 12, 10

Wire Gauge (mm): 0.8, 1.0, 1.3, 1.6, 2.0, 2.6

An ESD-safe version is also available upon request, please call for price and availability.
