- ◆ Optimal heat transfer for smooth, reliable soldering
- ◆ Perfect for larger gull-wing lead components
- ◆ Enhanced access to tight spaces for precise soldering
- ◆ Durable and long-lasting for consistent performance

About the XT GW2 - Gull Wing - Ø3.5mm / 4.8mm

The Weller XT GW2 Gull Wing Tip (Ø 3.5 mm / 4.8 mm) is designed for efficient and precise soldering of larger gull-wing lead components.

Compatible with the Weller WSP120 and WXP120 soldering irons, this high-performance tip ensures excellent heat distribution for smooth solder joints. Its unique gull-wing shape provides enhanced access to tight spaces, making it an ideal choice for surface-mount technology (SMT) work, offering both reliability and precision for professional applications.
