

(No Clean) Flux Pen-Rework Wand 10ml

SKU: 390-150

Features & Benefits

- ◆ **Easy Application:** Marker-style pen for precise, localised flux application.
- ◆ **No Clean Residue:** Residue does not require cleaning, saving time and reducing post-soldering work.
- ◆ **Eliminates Spray Bottles:** Offers a more controlled and mess-free way to apply flux.
- ◆ **Flux Capacity:** Contains 1/3 oz. (10ml) of no-clean flux, ideal for multiple uses.
- ◆ **Optional Cleaning:** If cleaning is needed, use a saponifier like Everkleen 1005.
- ◆ **Efficient for Rework:** Ideal for rework or hand-soldering tasks where flux precision is needed.

About the (No Clean) Flux Pen-Rework Wand 10ml

The (No Clean) Flux Pen - Rework Wand is a convenient, marker-style pen designed for precise, localised application of no-clean flux.

Perfect for use around components before soldering, this flux pen eliminates the need for spray bottles, offering a clean and controlled application.

The no-clean flux residue does not require cleaning after use, making it an efficient and hassle-free solution. If cleaning is necessary, a saponifier such as Everkleen 1005 can be used.

This pen contains 1/3 oz. (10ml) of high-quality flux for a variety of rework and soldering tasks.
