

ESD Calculator

Produced with antistatic raw material, non-coating surface, to make it ESD permanent.

For use within an Electrostatic Protected Area.

Conforms to BS EN-61340-5.

| Specifications: | |
|-------------------------------|----------------------|
| Material: | ESD ABS |
| Surface Resistance: | $10^5 - 10^9 \Omega$ |
| Triboelectric Voltage: | <100V |
| Decay Time: | 1000v/100v<1.0s |
| Spec (LxWxH): | 120mm x 145mm x 50mm |
| Colour: | Black |
