

## Lemsolv

### Precision Cleaning Citrus based Solvent

*A solvent based precision cleaner that has excellent oil and grease removal properties.*

*Can also be used effectively as a flux remover on PCB screens and jigs.*

#### KEY PROPERTIES

A reasonably fast drying solvent which dries residue free. Lemsolv has a high flash point of 57°C, low hazard profile and excellent solvency (60KV). Lemsolv is an excellent general purpose degreaser and bench top cleaning solvent.

- Residue Free
- Critical Cleaner
- High Solvency

#### APPROVALS

- German UBA (No 3406-0011)
  - Environmentally acceptable chemical

#### TECHNICAL DATA

Appearance	Pale Yellow
S.G.	0.82
Flash Point	57°C
VOC	100% (>30% is a natural product)

#### APPLICATION

- Excellent for cleaning precision metal components and most solvent resistant plastics. (Test on susceptible plastics and soft sealants before use).
- Can be used as supplied in dip tanks, spray machines, ultrasonic baths or for bench top cleaning. Also available in wipe format for bench top use.

#### SAFE HANDLING

Store in original containers and avoid extremes of temperature.
