

ESD Tape Dispenser

ESD Tape Dispensers are designed for use in an office or an EPA.

This product is produced with anti-static raw material, non-coating surface, to make it ESD permanent.

For use in ESD sensitive areas and clean level environments.

Each tape dispenser features the ESD symbol to allow for easy identification.

This essential office item is a great alternative to standard tape dispensers due to its anti-static properties.

Conforms with BS EN-61430-5 for safe use in Electrostatic Protected Areas.

Specifications:	
Material:	ESD ABS
Surface Resistance:	$10^5 \times 10^2 - 10^9 \Omega \text{ CM}$
Triboelectric Voltage:	<100V
Decay Time:	$1000\text{v}/100\text{v} < 1.0\text{s}$
Spec:	25mm x 75mm
Colour:	Black
